UNLISTED TELEPHONE NUMBER NOTIFICATION

Directory information is defined in **Student Records,** which is incorporated as a part of Board Policy 8330, as the student´s name, address, telephone number if it is a listed number, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees and awards received, and most recent educational agency or institution attended.

Federal law requires that school systems provide directory information upon request to military recruiters and institutions of higher education. Directory information may also be provided to other organizations and agencies.

Cards and forms distributed for collecting information at the start of this school year did not provide a space to indicate that a telephone number is unlisted. Therefore, this form should be used to indicate that the telephone number which was provided for a student is unlisted. A notation will be made in the student´s record so that the telephone number **is not** provided in response to requests for directory information.

Please return this form within 30 days to your school, if your telephone number is listed and you do not want it provided in response to directory information requests.
